ONTARIO LIBERALS

MEET IN CONVENTION

Numerous delegates present. The New Cabinet Ministers were approved of.

Toronto, November 24. — Ontario Liberals met in convention in Massey Hall yesterday. There were over two thousand delegates present. All the leaders were present. At the evening session splendid speeches were made by Liberals from every part of the province. Senator Gibson was elected chairman. Hon. G. W. Ross and Stratton delivered lengthy speeches. The new ministers were approved of.

The convention closed at eleven o'clock last night until this morning. The temperance resolution was not reached, but it is understood that a committee has been appointed to report on government ownership and control of the liquor traffic.

Toronto, Ont., November 24th.—The net results of yesterday's labors of the Liberal Convention were: a resolution was passed declaring against electoral corruption in any form and calling upon candidates to form their organizations only from reputable men, residents or having been residents of the riding. The temperance question was left over until to-day. The resolution committee has declared against any legislation intended to abolish the bar.

The Conservative Convention opens its sessions to-morrow morning.

CANADIAN INDIANS

ARE WELL LOOKED-AFTER

Their population this year. However shows a slight decrease over last year.

Bulletin Special Despatch.

Ottawa, November 24.—The Indian population of Canada, given for the year ending June 30 last is placed at 108,252, or 255 less than for the previous year, 1903, which however, showed an increase over 1902. In 1897 the Indian population was a little over 99,000, which shows that on the whole, as wards of the country, that they have been carefully looked after.

STEAMBOAT LINES

BETWEEN MEXICO AND CANADA

Will probably be established in the near future on the Atlantic.

Bulletin Special Despatch.

Ottawa, November 24. — Mulock leaves for Mexico in a couple of days to confer with the Mexican Government for the establishment of steamship lines on the Atlantic between both countries.

RAN INTO SWITCH

PASSENGER TRAIN WRECKED

In the Moose Jaw yards. Accident caused by a drunken switchman.

Moose Jaw, November 24th.—A passenger train ran into a switch here yesterday, the engine doing considerable damage to rolling stock. The switchman responsible was under the influence of liquor. He is arrested. A lady passenger was injured. Rev. Holling accepted a call to Young church, Winnipeg.

STATE OF ANARCHY

EXISTS IN MACEDONIA

There is no Public Security and Murders are of frequent occurrence.

Washington, November 24th.—An official report says that a state of anarchy prevails throughout Macedonia; that public security has not been restored and that assassinations of Christians not in sympathy with the Bulgarian revolutionary movement occur daily. Greeks generally are the victims and large numbers of them have been tortured with the result that they have started bands across the frontier of Greece with retaliation as their purpose. An extract from the report reads "public security is by no means restored in Macedonia. So called political murders still take place. The assassination of Christians not in sympathy with the Bulgarian revolutionary movement are of daily occurrence. The refusal to pay blackmail or to indicate the whereabouts of bands are reasons for these murders, of which the Greeks, as a rule, are the victims. Since the introduction of reforms hundreds of Greeks of the better class have been tortured to death or burned alive by Bulgarian bandits."

ROSS IS LEADING

IN YALE CARIBOO

With Fifteen Polls to hear from. Result will be close.

Vancouver, November 24th.—Returns up to 8 p. m. in Yale-Cariboo give Ross 1530 and Burrell 1451 with about 15 polls to hear from.

St. Albert Bishop In Rome

CITY COUNCIL

The regular meeting of the city council was held in the usual place on Tuesday evening.

W. S. Robertson was present and addressed the council regarding the frame lean-to at the Bon Ton restaurant which Geo. Gilmer petitioned to have removed, as being contrary to the provisions of the fire by-law. Mr. Robertson stated that he intended to construct brick buildings to replace his present office buildings, next spring, and asked that the frame lean-to in question be allowed to stand in the meantime. The matter was referred to the board of works committee for settlement.

Mr. Beaupre asked for permission to erect a livery, feed and sale stable on the corner of Peace avenue and Fourth street. This site is outside of the limits in which such stables cannot be built. The secretary-treasurer informed the council that he had refused licenses to two stables which had been built outside of the limits allotted to such buildings.

Permission to build two frame sample rooms on their property was requested by Laurencelle & Corriveau, of the Windsor Hotel. As the request is contrary to the provisions of the fire by-law, it could not be granted.

The sale of the old Edmonton electric light plant to the village of Fort Saskatchewan was discussed. The plant was offered at \$7,000, for which the plant will be placed in active operation within six weeks' time. Fort Saskatchewan to supply the site and the building. The city

council agreed to send a man from Edmonton to run the plant for fifteen days after its installation.

A. B. Campbell, of the Dowling Mill, asked that the waterworks main, which is now being laid to the brewery, be extended to the Dowling Mill, and guaranteeing the city six per cent on the investment. The request was granted, the work to be carried out forthwith.

The west end sewerage system was discussed at considerable length. The chief matter being on the most advantageous method of calling for tenders for the construction of the system. At present tenders are only being called for the installation of the main trunk mains. It was considered advisable to have a tabulated report on possible immediate additions to the west end system. The matter was referred to the city engineer, and to the chairman of the fire, water and light committee.

The request of the plumbers for an alteration in the by-law governing their work was granted.

The purchase of the Edmonton district telephone system was discussed at length. A by-law providing for the raising of \$27,000 to provide for the purchase of the system was provisionally passed, and will be voted on by the ratepayers.

Considerable discussion took place regarding the options on the west end property asked for by the Grand Trunk Pacific Railway Company. Mr. Beck, who had charge of this matter, reported that all the options were not yet in. It was decided to call a meeting of the interested property holders for Monday evening next in the fire hall.

COMFORT FOR MEN

MANITOBA AND AUTONOMY

The remarkable interest which the Winnipeg Telegram feels in the question of autonomy for the Territories is to some extent accounted for in an article taken recently from its columns. The essential sentence is: "When the Territorial question is up is the time for the Manitoba question to be decided also." The Manitoba question being the taking of the most easterly part of the Territories into the province. The innocence of the idea presented by the Telegram in another sentence is most charming: "The Territories and Manitoba should unite in presenting their cases; for they will have very much in common and no serious differences need arise." The anxiety of the Telegram to use the Territorial demand for autonomy as a means of aggrandizing Manitoba at the expense of the Territories and having the Territories unite in the proposal, is really too laughably touchy for anything. One would scarcely have expected a proposition of such gall even from the newspaper organ of the Manitoba Premier. But seeing that it has been made it will be well to keep it in mind and to take care that the recent political alliances of our Territorial Premier do not lead to the sacrifice of Territorial interests. The suggestion of a united presentation of the cases of Manitoba and the Territories made by the official mouthpiece of the Roblin Government is, to say the least, injudicious, if it has found no acceptance with the Territorial Premier. The Telegram article is as follows:

"One thing we believe the people of Manitoba will insist upon when the readjustment takes place in connection with the granting of autonomy to the Territories is an extension of the province to Hudson bay. There is no doubt that geographically and economically the part of Ontario west of Thunder bay should have been included in Manitoba. Since Port Arthur and Fort William are not Manitoba ports, it is all the more desirable that the port that will some day exist on the shores of Hudson bay should belong to Manitoba. A considerable enlargement of the size of the province will undoubtedly be demanded and Manitoba must see to it that whatever is done in other directions it is not blocked in on the north. We have had experience during the past few years of the effect of the limitations on the Provincial Government inasmuch as it can act in most respects only within its own boundaries. All these and other considerations must be weighed by our people without delay. Sir Wilfrid Laurier is under a distinct pledge to negotiate with the Territories so as to have a settlement to be dealt with at the coming session of Parliament. When the Territorial question is up is the time for the Manitoba question to be decided also. The Territories and Manitoba should unite in presenting their cases; for they will have very much in common and no serious differences need arise. What is needed now is that public opinion should be aroused on the question, for if Sir Wilfrid fulfils his pledge we may otherwise have a settlement sprung upon us which would ultimately prove a grave blunder so far as the interests of this province are concerned."

FRIENDLY ADVICE

The Toronto Telegram (Independent Conservative), under the editorial heading, "Too Much Magnanimity," speaking of the compliments which the Government press has been paying Mr. Borden since his defeat says very pointedly:

"Magnanimity is the last aggravation which conquering strength can offer to helpless weakness. When Mr. Borden's political enemies begin to be magnanimous, it is time for Mr. Borden to wonder whether he had not better keep right on staying out of politics."

FIRST SNOW

The first snow of the season fell yesterday afternoon, November 23. It was a gentle fall, and was only enough to whiten the ground. The river had set fast the night before. The season is not only remarkable for the late setting in of winter, but it is also remarkable for the fine fall season, which was absolutely without interruption. After the wet weather had ceased in September, there was absolutely no break of any kind. And indeed it can hardly be said that there has been a break yet—just a gradual cooling of the air as the days shortened. Tuesday night was the coldest of the season, with sixteen degrees of frost. Flowers were still blooming in the gardens on Tuesday, but of course only of the hardiest varieties. The last to give up were the stocks. They outlived the pansies. Next to the pansies were the daisies, then the verbena, then phlox, asters, sweet peas, etc. The daisies, pansies and stocks were nearly equally hardy.

Frequently we have as fine weather in November as we have recently enjoyed, but it is generally preceded by a sharp spell of greater or less duration in late October or early November. There was no such spell this season. A much larger acreage of fall plowing has been done this fall than usual. Threshing has been finished in good time and with ease—lessening the cost, and incidental expenses to the farmer to the lowest point. Roads are the very best. On the whole it has been an ideal season.

Wheat Scarce in States

Farmers' Advocate:

The C. P. R. traffic department has notified the grain exchange that hereafter they will accept wheat for Minneapolis on this basis of the old Port William rates, via Portal and the Soo line from Indian Head and west, the Prince Albert branch, Portal section, Napinka and Estevan, and the Arcola section when loaded on Soo line cars. "It is a hard scramble for Michigan millers to get wheat to grind this year," said Mr. Badger, who operates a four hundred barrel mill at Niles. "We did not raise a third of a crop in Michigan, and have had to get four-fifths of our supplies outside the state, from Illinois, Kansas, Nebraska, Missouri, and from the Pacific coast; in fact, wherever we can get it. We have bought 22,000 bushels of Pacific coast wheat ourselves since July 15."

The Wise Old**Man from Mars****No. 18****THE WISE OLD MAN DREAMS OF THE G. T. P.**

Worn out with weary plodding, the wise old man sat nodding. When through the smoke of his cigars a pleasing picture came to Mars. He saw Sir Wilfrid Laurier shake hands with all the Tories. They seemed as happy as could be to help to build the G. T. P.

In visions soporific, this Grand Trunk Pacific Had more than justified the claim that it would bring fortune and fame. He saw the country growing, prospects looked most glowing. And every man—so dreamed Mars—was now smoking IRVING CIGARS.

"I tell you what, George! I never before saw such a shoe polish as this"

2 in 1

It puts on a dandy shine in about three rubs. The gentlemen in my car are so well pleased that when they tip me in the morning they do it with a smile instead of a grunt. They don't complain about the shine on their shoes any more."

The Tan "2 in 1" never darkens tan shoes as most tan polishes do. It is something entirely new.

The black and tan is in one and 50c boxes and 1 1/2c collapsible tubes. At all dealers.

Do you want to add \$320 to your income?

It will only require a few minutes of your time every day to earn \$320 a year. You can earn it with a Chatham Incubator. A No. 1 Chatham Incubator will hold from 100 to 150 eggs—according to size of eggs. Eighty chickens is a low average hatch—more of Chatham Incubators will tell you so. Chickens are always in demand and the supply is always short, so fifty cents is the average price secured. If you only take off eight hatches in a year, that gives you an income of \$320. Wouldn't that extra amount be useful to you? Best of all, you can buy a

Chatham Incubator without one cent of cash until October, 1905

The machine pays for itself many times over before that time. These couldn't be a fairer offer than this. We ship a Chatham Incubator to you at once, freight prepaid by us, and your first payment is not due until October, 1905. Write us today for full particulars. The Chatham Incubators and Brooders have every new improvement worth while in an incubator or brooder. The incubators are made with two walls, case within case, of dry material that has been seasoned in our lumber sheds. They are built solid as a rock and will stand any amount of usage for years. The owner who accepts our offer the sooner will the Chatham Incubator be earning profits for you.

We sell for Cash or on time as you desire.

CRISIS IN RUSSIA

St Petersburg, November 23rd.—The meeting of the Seemstvo is ended; the members to-day departing to their homes. They are leaving in high spirits confident that no matter what the results, the days of November 19th to 22nd will mark a point in Russia's history. "The Rubicon is crossed no retreat is possible" is the unanimous sentiment of last night's joint meeting of editors and literary men, and the Seemstovists. The greatest enthusiasm prevailed and the fullest support was pledged to the program adopted.

There is an intimation that the Emperor has already been advised of the action of the meeting and has expressed himself as unfavorable to it. According to a story which is told with much circumstantiality M. Robbedonoff, the procurator general of the Holy Synod informed the Emperor that in his opinion autocracy had reached the parting of the ways. "There will be no middle course, we must hold firmly to the old regime or be prepared to grant a constitution." Thereupon, the story goes, the Emperor called a family council at which opinion was practically united against yielding.

CITY PHONES

The recent purchase of the Edmonton district telephone system by the city of Edmonton, and which will be submitted to the ratepayers at an early date, has directed attention to the extent and field of operations of the system. Generally speaking the system covers all the country from Leduc on the south to Fort Saskatchewan on the east, St. Emile and Riviere qui Barre on the north and northwest, and Stony Plain Centre on the west.

There are four exchanges on the system Edmonton, Strathcona, Fort Saskatchewan and St. Albert. On the Edmonton exchange there are 289 subscribers; on the Strathcona exchange, 60 subscribers; on the Fort Saskatchewan exchange there are 16 subscribers; on the St. Albert exchange, 14 subscribers and on the farmers lines, 11; making in all 390 subscribers. In the four exchanges of Edmonton, Strathcona, Fort Saskatchewan and St. Albert there are 150 miles of wire and eight switchboards, with a capacity for 425 telephones. Besides that part of the system in the four exchanges, there are other lines owned or leased and operated by the company. A line running to Leduc by way of Beaumont is twenty-six miles long; another line from Edmonton to Fort Saskatchewan is a double wired making fifty-three miles of wire. One of these wires is the farmers' line and on it there are seven telephones in the Clover Bar district.

These lines have been entirely owned and controlled by the company. The company has had a lease of a government line from Edmonton to St. Albert, and from St. Albert to Riviere qui Barre, twenty-five miles. It has a working arrangement with the government line to Stony Plain Centre, a distance of twenty-three miles. It has also a working arrangement with the people's line from St. Albert to Legal a distance of twenty-four miles. There are four telephones at Morinville, one at Legal, and four on the Riviere qui Barre line. In this way there are a hundred and fifty miles of wire in the four exchanges, and one hundred and fifty-one miles of wire, either owned and operated, or leased and operated outside of these exchanges, making a total of three hundred and one miles of wire in the system.

The rates are \$36.00 a year for commercial telephones, and \$25.00 a year for household telephones. One of each to a single subscriber is charged at the rate of \$50.00 a year. Proportionate reductions are

made to takers of two or more commercial or household telephones. The tariff is fixed on the basis of ten cents for ten miles, with reductions for greater distances. From Edmonton to St. Albert the rate is 10 cents; from Edmonton to Fort Saskatchewan, to Leduc or to Morinville, it is 25 cents; from intervening points, proportionate reductions are made.

C. N. R.

A team arrived yesterday from the railway work at Battleford, having followed the new railway grade all the way. The men say that the grade is completed from Battleford to Lloydminster, and to Blackfoot Coulee, some distance this side of Lloydminster. Most of the work between Blackfoot Coulee and Vegreville is under contract, and the work is well advanced to a point about thirty miles east of Vegreville. Contractors were pushing to get their work done, and as soon as their jobs were completed, they pulled out for the east. The weather was still good when the men passed, but contractors would not accept any new work for fear they could not complete it before winter, and would have to wait for their money until they had completed it in the spring. The men report that many contractors have lost money on their season's work, chiefly because of the loss of horses through fever, which was quite prevalent, and because of the high price of oats. Oats were a dollar a bushel at Lloydminster.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres more or less.

ENTRY—Entry may be made per the district in which the land to be taken is situate, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres substantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.
N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

THE WAR SITUATION

Mukden, November 24.—Indications are growing that the Japanese are undertaking a wide turning movement on the Russian left. A large number of commissary wagons have been observed moving eastward, and some artillery exchanges have also been reported from the eastward.

General Kuropatkin has permitted men who have captured horses to sell them to officers, the proceeds to go to the families of the men killed in battle.

St. Petersburg, November 24.—Appearances again point to the possibility of a big battle south of Mukden. The Japanese according to unofficial reports, have received a severe set-back in the vicinity of Sintsinin, in which district they were apparently attempting to execute a wide turning movement. Military opinion here scarcely believes it possible that the two great armies can winter less than a rifle shot distant from each other. Though the heavy defences of each side make it difficult for either to take the offensive, it is believed, however, that if the deadlock is broken, General Kuropatkin will let Marshall Oyama take the initiative, as the Russians have the better of the present position namely, a strong line of defences with Mukden behind them, making satisfactory winter quarters where the Russian reinforcement is now accumulating for the advance next spring. The rivers are already frozen sufficiently to permit of the movement of artillery and commissariat trains, so that the country actually is better adapted to the Japanese advance now than in the summer.

London, November 24.—A despatch from Tokio to the Standard reports increasing desertions from the Port Arthur garrison to the Japanese lines. The stories that the deserters tell indicate the demoralization of the Russian defenders. The same correspondent says that the Russian ships in the harbor no longer fire on the approaching Japanese warships. A Japanese correspondent, writing to the Morning Post, betrays growing anxiety concerning the Russian second Pacific squadron, which is probably due to the unexpected strength of Port Arthur's resisting powers. He points out the inconsistency of Egypt in permitting Vice-Admiral Rojestvensky's ship to coal when not going to a Russian port, accompanied with the refusal of such facilities when the Spanish Admiral wanted to take the battleship Pelayo by the Suez route six years ago, and maintains that it is Great Britain's business to compel Egypt to maintain neutrality in the present case. The Daily Telegraph's correspondent at Port Said said the Russian warships when boarded will be isolated from the shipping, and they will be allowed to take on provisions but the correspondent adds that it is still uncertain whether they will be permitted to coal.

Telegrams from Copenhagen report that the supplementary detachment of the second Russian Pacific squadron is still detained at Skagen by storms. The Japanese, according to a despatch from Chefoo to the Chinese, are reported to have captured a British steamer laden with 30,000 cans of meat for Port Arthur. Port Said, November 24.—The Russian second Pacific squadron was sighted at six o'clock this morning.

The Vote in Calgary

The following are the official returns of the election in the Calgary constituency:

Ballots cast, 5,634.
For McCarthy, 2,993.
For Stewart, 2,545.
Majority for McCarthy, 448.
Ballots spoiled, 57.

H.B.K. BRAND

BIG SHIRT

Made big enough for a big man to work in with comfort. Has more material in it than any other brand of shirt in Canada. Made on the H.B.K. scale it requires 39½ to 42 yards per dozen, whereas common shirts have only 32 to 33 yards.

That's the reason why the H.B.K. "Big" Shirt never chafes the armpits, is never tight at the neck or wristbands, is always loose, full and comfortable and wears well.

Each shirt bears a tiny book that tells the whole history of the "Big" Shirt, and also contains a notarial declaration that the H.B.K. "Big" Shirt contains 39½ to 42 yards of material per dozen.

Sold at all dealers but only with this brand:—

H.B.K. BRAND

HUDSON BAY KNITTING CO.
Montreal Winnipeg Dawson

TENDERS.

Tenders addressed to the undersigned will be received until noon Thursday, the 22nd December 1904 for the labor and material required for the proposed East Trunk Sewer and Water Mains in the City of Edmonton:—

LAOR.
Excavation, pipelaying and back-filling on 13,200 lineal feet of sewer and water mains. Building manholes, valve chambers and catchbasins. Setting hydrants.

MATERIAL.
Cast iron pipe and specials, 4 inch to 12 inch diameter. Hydrants, 8 foot trench, 2 way and steam gate valves, 4 inch to 12 inch. Brass goods, service boxes galvanized and lead pipe. Vitrified pipe, 6 inch to 24 inch diameter with bends and junctions. Prices for material to be F. O. B. Edmonton in carload lots, delivered in City yard not later than April 1st 1905.

Plans and specifications may be seen and forms of tender and other information obtained at the office of the undersigned.

The lowest or any tender not necessarily accepted.
A. J. McLean, City Engineer.

The wool—process—knitting—workmanship—all combine to produce the best woolen Underwear. Stanfield's. Every garment is guaranteed unshrinkable, by the only guarantee worth considering—"money back if unsatisfactory."

Wear "Stanfield's" this winter.

Lever's Y-Z (Wise Head) Disinfectant Soap
Powder is a boon to any home. It disinfects and cleans at the same time.

CONJURING CREEK

The splendid weather continues. Ploughing is just about over, and threshing also. This has been a good year for farmers as could be wished for, and the settlers who came here during the few wet years think that this country is all right after all.

The grain field was not so very heavy, owing to the dry weather coming right upon the wet years, making the land rather cakey or lumpy. Next year we are looking for a bumper crop.

Thresher competition this year has been good. Other years machines have been scarce. Look back to seven years ago. Think what a time we had to get one machine, when settlers were scarce. Now it is all settled up for miles west. It is truly wonderful the way this country grows.

There was a very pleasant party at Mr. and Mrs. Montson's, on Monday last, in honor of their son Dave's birthday.

F. Clifford is away on a short visit to Edmonton.

Settlers are still coming in, and farms are on the up grade.

C. Williams, of Strathcona, is a visitor with Mr. J. Swartz.

Mr. Roy Rowell moves to his farm next week.

Western Railways

Free Press, November 19:

Mr. D. W. Bole, M.P.-elect for the city of Winnipeg returned yesterday from St. Paul and Minneapolis where he has been taking a short rest after the fatigues of the campaign.

Seen this morning by the Free Press, Mr. Bole said that since his return he had heard rumors, persistently circulated by interested parties that the Grand Trunk Pacific purposes to absorb the Canadian Northern system, and in consequence there would be no new third transcontinental system to the east and west of Winnipeg. Mr. Bole stated that there were very good reasons why these rumors should not be true. "In the first place," he said "Messrs. Mackenzie & Mann do not want to sell; in the second Mr. Hayes and his associates do not want to buy; and in the third place the laws of the country with respect to the construction and the contract with the G. T. P. are entirely against any such arrangement. The plan endorsed by parliament, and the contract with the Grand Trunk Pacific provide for a new third transcontinental railway from ocean to ocean, and that is what we are going to get."

Mr. Bole said he had received a letter from President Hayes, since the election, in which he says that there is no foundation whatever for the rumor that the G. T. P. has absorbed, or intends to absorb, the C. N. R.

Vice President Mann, Manager James and Chief Engineer McLeod of the Canadian Northern Railway, returned to the city last night from a trip of inspection over the Edmonton and Prince Albert lines. They went to the end of the steel on both roads, and express themselves well pleased with the progress the work is making. As a result of the trip, arrangements will be at once made for the purchase of necessary rolling stock and other equipment for the operation of the lines, it being the intention to establish regular freight and passenger train services early next spring. The bridge over the south Saskatchewan on the Prince Albert line will be built during the winter, and trains will be running into Prince Albert by June next. The best possible passenger train equipment that the factories produce including dining and sleeping cars, are to be ordered for these lines.

The Best Protection Against Cold.

1/2 teaspoonful of Armour's Extract of Beef, in a cup of hot water, makes delicious beef tea which fortifies the whole system against colds, influenza, and other ailments. It gives a grateful feeling of warmth and relieves fatigue.

| Childrens' Fur Caps | \$1 50 |

REVILLON BROTHERS STORES.

FACILITATING MAIL DISTRIBUTION

Extensive alterations will be made in the post office building when the new addition, which is now under construction, is completed. The addition is solid brick, 18 feet by 26 feet, and will be used entirely for office accommodation. With this accommodation, the office will be 53 feet long by 26 feet wide. The interior of the building will be rearranged. The part used by the office clerks will be V shaped, the apex being six feet wide. In the apex there will be two general delivery wickets for letters. Boxes will extend down both sides. The present number of boxes, though recently largely increased are inadequate and two hundred new boxes are being installed. On the left hand side there will be a wicket for parcels and newspapers, and on the other side a wicket for the registration of letters, and for the sale of money orders. This arrangement will give much greater accommodation, and will increase the effectiveness of the work.

CIVIC GRADING

During the past year the following streets within the municipality have been graded:

Twelfth street, H. B. R., from Jasper avenue to Victoria avenue. Length 1,300 feet.

Sixth street, H. B. R., from Jasper avenue to McKenzie avenue. Length 2,050 feet.

Elizabeth street from McDougall street to First street, H. B. R. Length 990 feet.

May street, from Howard street to McDougall street. Length 600 feet.

This work has all been done on the special frontage tax system, the post being borne by the property fronting on the streets repaired. The total length of the streets newly graded is 34,940 feet.

CHURCH DIFFICULTY

The Winnipeg papers report a church case which has arisen in the Galician settlement near Gimli, Manitoba, and which bids fair to rival the celebrated church case occurring some years ago at Star. The case at Star, however, was between the Orthodox and the United Greek Catholic churches. The case at Gimli is between the United Greek Catholic and the Independent Greek. A church had been erected and one, Jaromir, a priest, of the Independent Greek church, had been asked to hold service in it.

As he was engaged in service, adherents of the United church interfered forcibly with the service. The result is a case before the magistrate's court, in which the claim is put forward by the defendants that the church belonged to the United Greek Catholics, and that the complainants had no right to hold service in it. In rebuttal, he held that the majority of the congregation who had built the church had invited him to hold service in it. The conclusion of the case was somewhat sensational. The judge charged the jury directly in favor of the prisoners. The jury brought in a verdict of "guilty" against them. The judge refused to accept the verdict, and sent them back. They came back again with the verdict of "guilty." While they were out the prosecuting counsel asked to have the case reviewed, if the jury found in accordance with the judge's charge. The prisoners were released on suspended sentence.

We Shall Spend \$500,000 To Give Ligozone Away.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$500,000 for the American rights. That is the highest price ever paid for similar rights on any scientific discovery.

We are now spending \$500,000 to give the product away—one bottle to each of a million sick ones. We are doing this so that every sick one may let Ligozone itself prove what it can do.

Kills Inside Germs

The greatest value of Ligozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease, as every physician knows.

Ligozone will do for sick humanity more than all the drugs in the world combined. It does what no skill can accomplish without it. It cures diseases which medicine never cured.

Acts Like Oxygen

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases

are made part of the liquid product.

The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Ligozone, which—like oxygen—is life to an animal, is deadly to vegetable matter. It is carried by the blood to every cell of every tissue, and no touch of impurity, no germ of disease, can exist where Ligozone goes.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

| | |
|------------------|---------------------|
| Asthma | Hay Fever |
| Alcohol—Anemia | Kidney Diseases |
| Brachitis | La Grippe |
| Blood Poison | Lewy's Disease |
| Bright's Disease | Liver Troubles |
| Bowel Troubles | Malaria—Neuralgia |
| Coughs—Colds | Many Heart Troubles |
| Consumption | Flies—Pneumonia |
| Colic—Cramp | Pleurisy |
| Constipation | Rheumatism |
| Cataract—Cancer | Skin Diseases |

| | |
|--------------------|-------------------|
| Dysentery—Diarrhea | Scrofula—Syphilis |
| Dandruff | Stomach Troubles |
| Dyspepsia | Throat Troubles |
| Eczema—Erysipelas | Tuberculosis |
| Fever—Gall Stones | Tumors—Ulcers |
| Gout—Chest | Varicella |
| Gonorrhea—Gleet | Women's Diseases |

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood.

In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

50c Bottle Free

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Ligozone costs 30c. and \$1.

CUT OUT THIS COUPON for this offer may not appear again. Fill out the blanks and mail it to the Liquid Oxygen Co., 421-423 Wabash Ave., Chicago.

I have never tried Ligozone or Fowler's Liquid Oxygen, but if you will supply me a 50c. bottle free I will take it.

LOCAL

The choir of McDougall Methodist church will give a sacred musical recital next Tuesday evening, November 29. A collection will be taken up.

A. G. Macfarlane's survey party are in the city to-day having finished the running of the final location line for the Canadian Northern Railway from Battleford.

The Hewitt company concluded their three-nights' engagement in Edmonton last evening. The attendance was only fair. The performance was fully up to that of the opening evening, the Hewitts proving themselves experts in their own line.

Dr. Cartwright, son of Hon. Sir Richard, Minister of Trade and Commerce, visited Edmonton yesterday, from Calgary. Dr. Cartwright has recently returned from Egypt where he was employed as a British army surgeon for several years. He intends to locate permanently somewhere in the West.

PERSONAL

W. J. Dea, of Ponoka, is in the city to-day.

A. E. Cross, of Calgary, arrived in the city last evening.

Geo. B. Henwood, of Wetaskiwin, arrived in the city last night, and returned south this morning.

Miss Supple, sister of Mr. Supple, of the Imperial Bank, returned yesterday morning to Ontario.

A. J. Vassur, C. Tupper, and G. A. Lacey members of A. G. Macfarlane's survey party, are in the city to-day.

HOSPITAL DONATIONS

The Superintendent of the Public Hospital would gratefully acknowledge the following donations during the month of October including Donation Day:

Case apples, Whitelaw & Nairn.
Case peaches, Mrs. M. Dewar.
Basket grapes, Mrs. Hallier.
Case apples, Mrs. W. J. Walker.
Case peaches and basket grapes, Hallier & Aldridge.
2 doz. towels, Mrs. Fred Ross.
Case apples, Mrs. H. C. Taylor.
Sweet cream and jar fruit, Mrs. Acton.
Sack flour, Dowling Milling Co.
Load coal, Stewart Coal Co.
Basket fruit, Marie Gibbs and Blanchard Lehman.
Case plums, Mr. Berg.
Load coal, Cameron Coal Co.
Vegetables and case plums, Mrs. Bellamy.
1 doz. towels and pillowslips, Mrs. H. Hall.
3 doz. packages McLaren's assorted jelly powder, Mrs. Secord.
Picture books and toys for children, Annie Bellamy.
\$5.00, Mrs. Donald Ross.
\$5.00, Miss Olive Ross.
Sack potatoes, E. R. Empey.
Desk blotter and subscription to Daily Free Press, K. W. McKenzie.
Magazines and 8 jars jam, Mrs. R. W. Day.
2 jars fruit, Mrs. F. Barker.
2 floor rugs, Hudson Bay Co.
Quarter lamb, Mr. F. Smith.
\$7.00, Old Timers Club.
\$1.00, Mrs. Fie.

CHURCH OF ENGLAND SYNOD

The sessions of the Alberta Synod of the Church of England are in progress at All Saints school room Edmonton. The sessions commenced Tuesday when Bishop Pinkham, of Calgary, who is presiding, delivered his address. Yesterday morning there was a celebration of Holy Communion at 8 o'clock accompanied by a devotional address. This morning's session was devoted to the consideration of the Bishop's address. The clergymen in attendance at the synod are: Archdeacon Tims, Canon Stocken, Archdeacon Webb, Canon Hinchliffe, Canon d'Easum, H. A. Gray, G. H. Forbin, J. Atkinson, Dean Payer, G. H. Webb, R. A. Robinson, F. G. Rickard, G. E. Gale, G. Card, W. R. George, Canon Rogers, A. D. Floyd, G. G. Austin, F. D. Tyner, J. Leech, Fortier, J. S. Chivers, W. V. McMillen, E. L. McNaughten, J. S. Keane, Wm. Burns, and Deacons G. G. Edwards, W. G. James, and W. J. Hinchey.

SUPREME COURT

The case of Brickman vs. The Powell Lumber Company was heard at the Supreme Court before Chief Justice Sifton yesterday and was concluded shortly before noon this morning. F. C. Jamieson appeared for Mr. Brickman and N. D. Beck on behalf of the company. Judgment was given for Brickman for \$756.25 and costs. In the matter of the extradition of G. W. Lewis the case was called at ten o'clock this morning and was adjourned until 7.30 o'clock this evening pending the expected arrival in the city to-night of State's Attorney McCricker of South Dakota.

DUHAMEL

Contributed.

On Friday of last week Mrs. H. Smith of Duhamel passed away in the seventy-third year of her age. Mrs. Smith came from Strathroy, Ontario, two years ago this month to live with her boys, Smith Bros., at Duhamel. Although this meant the severing of many precious ties in Ontario, she was perfectly contented and happy here, for with the instincts of true motherhood her whole happiness lay in being with the boys who needed her.

Each waking hour of her last illness of nearly three weeks duration was a sermon to those about her. Her motherly love was not confined to her own family but was felt as a powerful influence by all who entered the room. Her daughter Maggie, (Mrs. Deverell), and her two sons were almost constantly beside her. Dr. Lamb and the nurse, Mrs. Buck, administered every comfort possible and the visits of Rev. Mr. Collins were a source of blessing and support. One by one her favorite chapters and hymns were asked for and listened to with eager joy. Not for a moment was her consciousness dimmed and after loving farewells to those present and messages to the absent ones she passed quietly away.

The funeral took place on Monday to the Wetaskiwin cemetery where the remains were laid beside those of her daughter Agnes. A simple service was conducted in the Wetaskiwin Presbyterian church by Rev. Mr. Collins and Rev. Mr. Hogg. Her favorite hymns were sung and a few words spoken from that most beautiful of all psalms, "The Lord is my shepherd, I shall not want." Beautiful wreaths of flowers were laid upon her grave by her children.
